FROM **KITCHENER** ROOTS TO PROVINCIAL REACH: THE **IHCPA** STORY

**SURVIVE
CRA AUDITS**

CLEAN UP
YEARS OF
BACKLOGGED
ACCOUNTING

SAVE \$1000'S
(SOMETIMES
100,000'S) IN
TAXES

THERE HAD TO BE A BETTER WAY.

2021: THE BEGINNING

IHCPA started in early 2021 in Kitchener with a simple mission: help business owners navigate the financial complexity that keeps them up at night. We began with messy books, few clients, and plenty of skeptics telling us the market was too competitive.

But we saw something they didn't—a massive gap between what businesses needed and what traditional accounting firms were delivering.

The Problem We Saw:

Small and medium-sized businesses were stuck between two bad options:

- Big firms that charged premium prices but treated them like account numbers, not partners
- Discount services (offshore bookkeepers, DIY software) that left them with messy books, CRA notices, and expensive mistakes

Our Solution:

We built IHCPA on a different model:

- Premium expertise (CPA-led, 20+ years experience, international credentials)
- Accessible pricing (Ferrari service at BMW prices)
- Personal attention (you're not just a file number)
- Specialized focus (CRA audit defense, startup advisory, messy book cleanup)

**TODAY,
IHCPA OPERATES FROM:**

**HEAD OFFICE:
MISSISSAUGA
(SERVING GTA)**

**BRANCH OFFICE:
EDMONTON
(SERVING ALBERTA)**

**CLOUD OFFICE:
REMOTE SUPPORT
ACROSS CANADA**

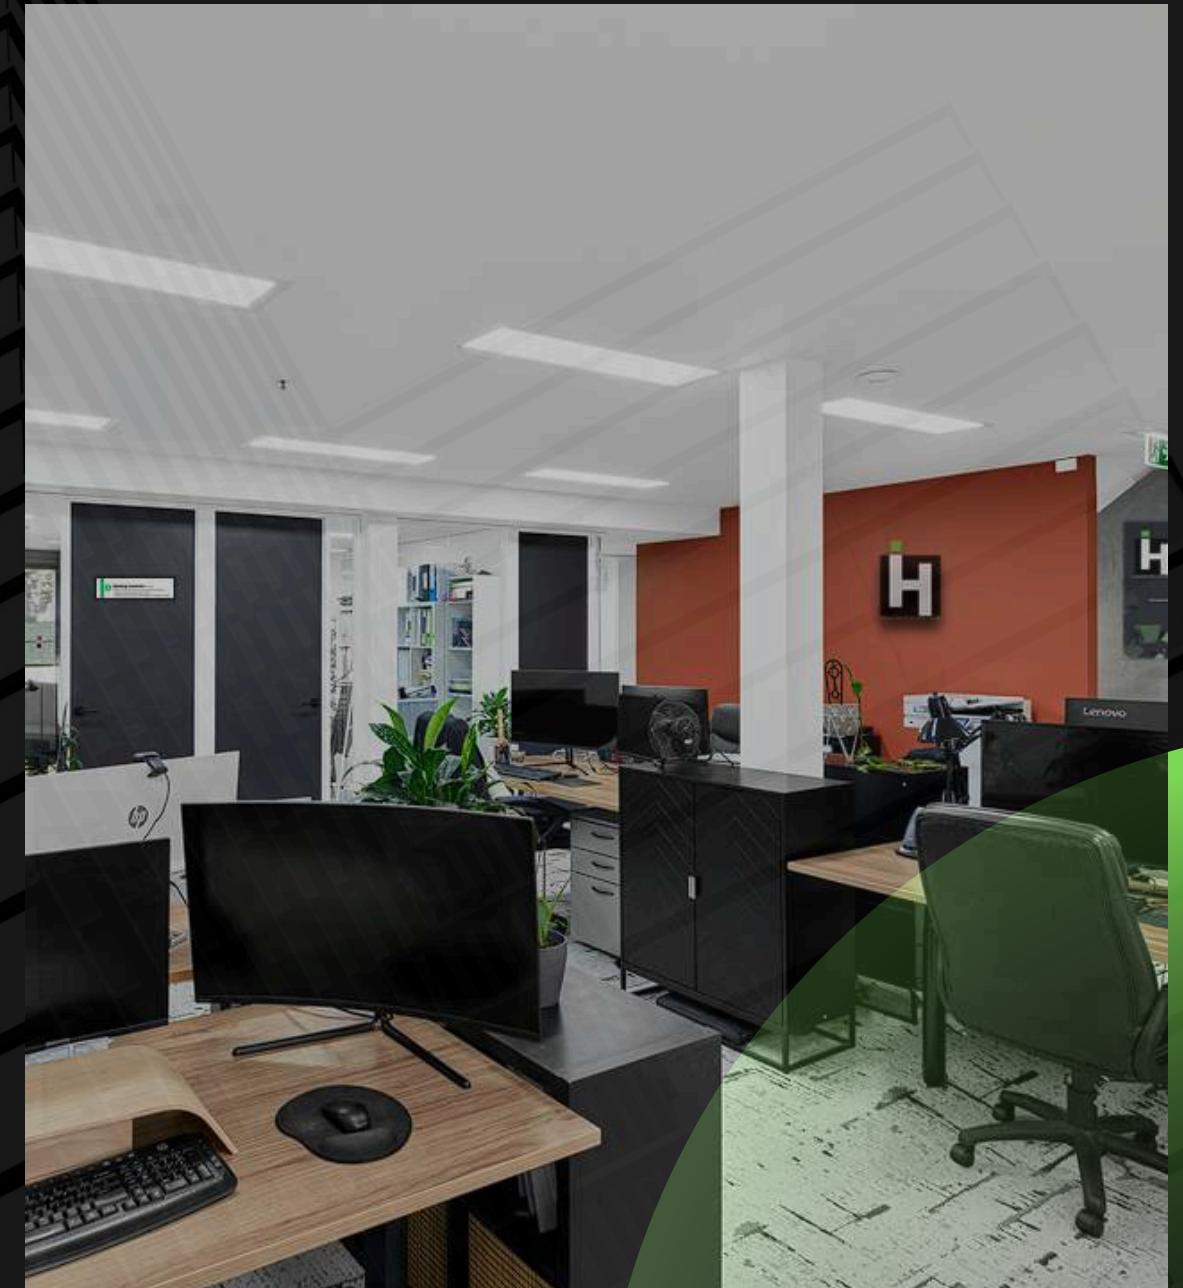

WE'VE HELPED HUNDREDS OF BUSINESSES:

- Survive CRA audits
- Clean up years of backlogged accounting
- Secure funding with investor-ready financials
- Save thousands (sometimes hundreds of thousands) in taxes
- Build financial foundations for sustainable growth

Our Promise:

When you work with IHCPA, you get:

- A team that actually answers the phone (almost always!)
- Experts who've seen it all (20+ years, international/ local experience)
- Solutions that actually work (not just theory)
- A partner invested in your success (not just your compliance)

Why it matters: Investors make decisions based on your numbers. We make sure they're credible, compelling, and defensible.

FEASIBILITY STUDIES

Before you invest time and money, we analyze:

- Market opportunity sizing
- Revenue potential
- Cost structure
- Profitability timeline
- Capital requirements
- Risk assessment

Output: Go/no-go recommendation with financial justification

FINANCIAL MODELING

Detailed, dynamic financial models including:

- Revenue forecasting (bottom-up and top-down)
- Expense modeling (fixed, variable, headcount)
- Cash flow projections and burn rate
- Scenario analysis (base, best, worst case)
- Fundraising impact analysis
- Break-even analysis

Format: Excel-based, fully editable, with clear assumptions

FRACTIONAL CFO FOR STARTUPS

Can't afford (or don't need) a full-time CFO? We provide:

- Monthly financial review and reporting
- KPI tracking and analysis
- Cash management and runway planning
- Fundraising financial support
- Investor relations support
- Strategic financial guidance

Price: Fraction of full-time CFO cost, senior-level expertise
